

To whom it may concern:

Tom Meyer of Wordsower Ministries came to our Awana program recently and quoted from memory parts of Hebrews chapter 11 while incorporating Old Testament passages from memory supporting the narrative. The children were riveted as Tom quoted the Scriptures from memory and involved them in the drama!

We planned to have Tom come and speak the Word from memory on "Parent Night" so the parents could be exposed to the importance of Scripture memory. I heard several comments from parents about how inspiring it was to hear the Scripture quoted in the manner which Tom performed them. One parent said she was so inspired she was going to go home and start memorizing a passage of the Bible immediately!

After speaking the Word from memory Tom brought out that it was Awana that first encouraged him to memorize God's Word and how his ability to tell the entire book of Revelation from memory today all stems from memorizing verses at Awana. He encouraged the children to keep on coming to Awana and "*hiding God's word in their heart so they do not sin against Him*".

For Him,
